7. The institutions from which the applicants for the S.O.'s posts have passed are all unrecognised & definitely inferior to the standard of the Diploma Exam^ns of this Univ^ty. The appointment of these on a permanent basis is therefore undesirable, as this would lower the technical tone of the service in the P.W.D. But since there is dearth of S.O.s at present, these men may be employed only on a temporary basis & replaced by properly qualified men when they become available notably after 3 years.
